PROFILE SUMMARY

Enthusiastic Computer Science undergraduate with experience in coding, problem-solving, and developing practical solutions. Completed **2+** academic and technical projects, contributed through **2+ internships**, and authored **2+ review papers**. Dedicated to continuous learning, innovation, and the exploration of emerging technologies in computer science.

EDUCATION

B.Tech CSE	Sharda University	7.9	2022-Present
Intermediate	Goalpara College	90.04	2020-2021
High School	Bilasipara Public Higher Secondary School	79.15	2018-2019

PROJECTS

Zeduca-Platform – Web Development

Dec, 2024 – June, 2025

- Designed and developed a **web-based education platform** offering two learning tracks: **Academic Courses** (core subjects, theory, fundamentals) and **Placement Courses** (aptitude, coding practice, interview preparation).
- Built with **HTML, CSS, JavaScript, Tailwind CSS, PHP, and SQL**, ensuring a **responsive, scalable, and user-friendly interface**.
- Integrated **AI agents** for personalized learning recommendations, automated assessments, and career guidance.
- Demonstrated skills in **full-stack web development, database management, and AI integration** for real-world educational solutions.

E-Commerce-Platform – Web Development

June, 2023 – Jan, 2024

- Developed a responsive e-commerce website featuring an interactive UI, dynamic product display, shopping cart functionality, and an optimized design for a seamless user experience.
- Built with **HTML, CSS, and JavaScript**, ensuring a responsive, interactive, and user-friendly shopping experience.
- Improved skills in **frontend development, responsive design, and real-world e-commerce solutions**.

INTERNSHIP

Bluestock Fintech | Software Development Engineer

May-2025 – June-202

- Collaborated within a team to design and develop a **responsive, user-friendly web interface**.
- Implemented **interactive and engaging features** using **HTML, CSS, and JavaScript**.
- Enhanced frontend development **expertise** and **consistently** met project deadlines, improving user experience.

Sharda University | Web Development Bootcamp

June 2024 – July 2024

- Developed a responsive web application using **HTML, CSS, and JavaScript**.
- Collaborated in a team of 2 to implement contact forms and enhance user interaction.
- Deployed the project on Hostinger, gaining hands-on experience in website hosting and deployment.

SKILLS

Programming: - C, C++, JavaScript.

Libraries & Frameworks: - Bootstrap, STL.

Web Technologies: - HTML, CSS, WordPress, Canvas.

Tools: - Git, GitHub, VS Code, PyCharm, Eclipse, Spyder, Hostinger,

Databases: - SQL.

Hard Skills: - Data Structure and Algorithm, Object-Oriented Programming (OOPs), Problem Solving, Web Development, Web Design, Computer Networking, DBMS.

POSITION & RESPONSIBILITY

Sharda University | GitHub Students' Clubb

Aug 2023 – Aug 2024

- Coordinated in **4+** technical events, ensuring smooth execution and effective teamwork.
- Assisted in planning, organizing, and managing event logistics.
- Supported collaborative efforts within the team to handle tasks efficiently.

CERTIFICATION

- Web Development (Udemy)**
- NPTEL Certification**
- Youth Professional Certification (TCS-IQN)**
